

*Amy & Ron*

Hi, we are Ron and Amy. We met and fell in love during college and married right after graduation. We have a loving, stable marriage and enjoy spending time together. We are best friends and support one another in everything we do. The most important thing in our life is our family. We are blessed to be parents of two amazing children!

We adopted our daughter, Lily Kate in 2005 and our son Jack in 2009. We always wanted a large family and are excited about adding to our family through the miracle of adoption again. We have so much love to give and more than enough room in our hearts, family and home for another baby. The entire family is ready for a new little one to love! Thank you for considering our family.

## Amy

Meet my wife Amy! She is a caring, loving person and a wonderful mother. She is my best friend and so much fun to talk to, go places with, and spend time with. I look forward to spending every day with her. She was an elementary school teacher for seven years before she became a mom and she loves kids! Her favorite role now is "stay-at-home mom." I love to see her with Lily Kate and Jack - they do so many fun things together - cooking, reading, crafts, dress up, blocks, too many things to list! She attends school parties for Lily Kate and was the room mom for her Kindergarten class. She also enjoys taking Jack to the library for story time and music. There are so many other things that I love about Amy. She is a creative person and loves baking and sewing and doing thoughtful things for our family. She enjoyed making Lily Kate's dress for the first day of school. Amy is involved with teaching children during Bible Study at our church and volunteering at Vacation Bible School. She has amazing faith and always takes time to encourage and uplift others. Amy is a beautiful person, great wife and wonderful mother! I know that she is hopeful and excited about adopting another child.

## Ron

Meet my husband Ron! He is the the most amazing husband and father! After dating in college, I knew he was "the one." Each year I love him even more. He has such a sensitive and caring nature. Even before we had a family, he loved kids. Children are naturally drawn to him because he gets down on the floor and plays with them. Ron is a very active guy and loves to take the family to the park and on wagon rides. He enjoys fishing and golfing. Ron and Lily Kate like to go fishing, although she mostly just plays with the worms! Ron's job as a financial advisor is very flexible and allows him to go eat lunch with Lily Kate and attend school events. His office is only 4 miles from home and we often meet for a picnic at the park. We eat dinner together every night. Ron enjoys helping people. He is a great leader and friends always come to him for advice. I trust him to always put our family first in every decision makes. Ron is a great dad and he looks forward to a new baby to love.

## Lily Kate & Jack

Meet our sweet kids, Lily Kate and Jack! They are truly the light of our lives and our love for them is why we desire to adopt another baby. Both of our children were adopted at birth. We are forever grateful to each of their birthparents who chose to give them life and to give them a loving, stable family. We are very open with our children about adoption. They know that their birthparents loved them very much and made the choice out of love. We enjoy keeping in contact with both our children's birthparents through pictures and letters.

Lily Kate is a spirited, imaginative, loving little girl. She loves animals, ballet, cooking with mommy, swimming, and playing outside. She is a great big sister to Jack and loves to read to him. She is so excited about a new baby and prays every night for God to send our family a baby.

Jack is our sweet boy! He is all boy and so much fun! He loves trains, cars, and blocks. He and Lily Kate love to play outside in the sprinkler! Jack was born in Florida and when we adopted him, the entire family went to meet him. He was greeted with so much love as this new baby will be!

## Our Home

We own a comfortable home in a family friendly neighborhood. Our neighborhood has a park, swimming pool, playground, bike paths, tennis and basketball courts. Jack and Lily Kate love to go to the pool in the evening to swim. There are many young children to play with. We enjoy taking walks to the neighborhood park. We also love to play in our backyard on the swing set or in the sandbox.

## Our Family

We were both raised in loving, stable homes by both parents. Our family all lives close by and grandparents, aunts, uncles, and cousins will all be here to welcome a little one to our family. We love to get together, especially on holidays! Grandmother went with us to Disney World and Grandma and Papa love to go to ballet recitals and school plays. Christmas with Ron's family is so much fun because there are lots of little ones around! It is a time filled with laughter and love and of course lots of presents from the grandparents! Our family is very supportive of our decision to adopt again. Both our siblings have four children and everyone is excited for our family to grow and be filled with even more love.
